STRATEGIC SOFTWARE

SignSHOP (DP) \$22 SignSHOP will allow you to custom design and print signs, notices, fliers, posters, announcements, invitations, greeting cards, letterheads, and oversized banners. SignSHOP offers variable positioning commands, two type styles, seven different banner sizes and two print qualities. SignSHOP allows you to integrate pictures with anything that you design. Ten pre-formatted pictures are included with SignSHOP. These consist of religious, holiday and general symbols as well as others for many different occasions. Or if you would like you may design your own with the SignSHOP's powerful picture editor. Due to a complex program routine designed by Strategic Software, SignSHOP PRODUCES STUNNING NEAR DOT MATRIX RESOLUTION ON YOUR STANDARD ADAM PRINTER.

MultiWRITE (DP) \$36 MultiWRITE is the first professional word processor that has been developed for the ADAM. MultiWRITE was modeled after word processors that are available for the IBM PC, Apple II, and CP/M computers. Not only does MultiWRITE include professional word processing features, it also provides a true SIXTY-FOUR COLUMN DISPLAY SCREEN, without the need to purchase an expensive eighty column hardware board. MultiWRITE has the ability to convert existing SmartWRITER files to MultiWRITE format in just a few simple steps. MultiWRITE's standard ON-SCREEN features include line-centering, variable tab positioning, variable margin settings, paragraph reformatting, word-wrap, horizontal scrolling, underlining, move & copy, single key positioning, vertical positioning counter, auto page numbering, right justification, super/sub scripting, type-ahead memory holding area, mid-line insertion, forced page breaks, variable line spacing, and so much more. MultiWRITE is extremely easy to operate. Single key presses are all you need to remember. MultiWRITE is primarily written in Z80 machine language for incredibly fast response and execution. Reference manual included.

PowerPRINT (DP) \$22 PowerPRINT is a complete printing enhancement system for SmartWRITER documents. PowerPRINT brings out the true potential of your ADAM. PowerPRINT works along with SmartWRITER, it will produce the same quality results that you would expect from a dedicated word processor costing three times as much. PowerPRINT has the ability to read different formatting commands from within the document file. PowerPRINT can also do the following: Headers, footers, single page print selection, auto page numbering, multiple copies and typestyles, forced page breaks, variable margins, line spacing, justifications and much more. Includes an easy to follow reference manual.

PaintMASTER (DP) \$22 Now with PicturePRINT which will allow you to print PaintMASTER files on your standard ADAM printer. Now you can have the ability to create complex HI-RESOLUTION GRAPHIC designs on your ADAM. PaintMASTER brings out the true potential of your ADAM. With PaintMASTER you will be able to create sophisticated drawings, colorful presentations, and high-definition designs using an elaborate set of tools that any artist would envy. PaintMASTER is primarily written in Z80 machine language for incredibly fast operation and is commanded by a series of icon driven representations. PaintMASTER's features include twenty variable brush sizes and styles, a complete sixteen palette that controls both foreground and background, automatic circle, polygon, triangle, straight line formatting and variable border and thickness. PaintMASTER has the ability to mix text of any color and your high-resolution pictures on the same screen. It also has the ability to move and copy selected areas of your drawing. And of course, PaintMASTER will LOAD and SAVE your creations to either data pack or disk. Includes an easy to follow reference manual.

TurboLOAD (DP) \$27 No longer will you have to wait several minutes while your ADAM loads your favorite program into memory. With TurboLOAD, your programs will load as much as ten times faster. TurboLOAD has no preferences, it will work with either data packs or disks. TurboLOAD will improve the performance of your tape drive or disk drive as much as 1000%. TurboLOAD is extremely easy to operate. TurboLOAD simply transforms your BASIC program file into a new and highly efficient version. The TurboLOAD package also includes The File Organizer. The File Organizer will allow you to load, run, rename, lock, unlock, and catalog any program files that are contained on any data pack/disk. The file Organizer will print a detailed, alphabetized report consisting of all program files and what data pack/disks they are contained on.

SOFTWARE FOR THE ADAM

PACKCOPY by Sage Enterprises (DP, DISK) \$29 PACKCOPY allows you to make backup copies of your ADAM software. Makes backup copies of SmartBASIC (includes autoboot), SmartFILER, ADAMCalc, SuperGames (EVEN the short SuperGames), and almost all other software for the ADAM on disk or data pack. Copies software with one or two data drives, dual disk drives, or between a data drive and a disk drive.

CONVERT by Sage Enterprises (DP, DISK) \$27 CONVERT is a utility program that allows you to transfer information from other CP/M single-sided double-density disk formats to the ADAM CP/M disk format. CONVERT allows you to read and write to disks that are in the following formats: Zenith 100 CP/M 85 SS/DD; TRS-80 Model IV CP/M+ SS/DD; and IBM CP/M-86 SS/DD. CONVERT reads the necessary tracks of one disk and manipulates the information in order to put it into the format ADAM needs. CONVERT requires at least one disk drive, one data drive and CP/M 2.2.

SOFTWARE FOR THE ADAM

UNREAL UTILITIES by Sage Enterprises (DP,DISK) \$27 A Menu Driven set of utilities that will allow you to read & edit directory information for SmartWriter 7 SmartBasic files, delete and remove entries that will free up wasted directory space, fix corrupted directories, change file names and their characteristics and more; Format disks: edit and dump blocks on disk or data pack; compare two copies of media to insure that they are identical; move blocks from one location to another on a media; and **RECOVER** files and programs from a media even if it has been INITed in SmartBasic.

COPYCART+ by MMSG (DP,DISK) \$15 This program converts standard tapes/disks to special self-booting TARGET media. Copies most Coleco compatible cartridges to the TARGET media. TARGET media can hold multiple cartridge programs. TARGET media will self-boot and display a directory of copied cartridges. Program selection is by number making the program easy to use. Menu driven.

VIDEOTUNES by FUTUREVISION (DP) \$27 Play music on your ADAM. Use sheet music or compose your own songs. VideoTunes displays a four octave note range and plays up to three notes at a time. The VideoTunes screen displays both the treble and bass musical staves. Four octaves of piano keys appear at the bottom of the screen. There is one piano key for each of the notes in the four octave note range. VideoTunes comes with 11 prerecorded demo songs. The notes light up on the screen as the music plays. The music scrolls across the screen as the music is played. Store your songs on tape or disk.

AUTOAID by FUTUREVISION (DP) \$23 Enhances SmartBASIC. Generates new line numbers as you type in Basic lines. Defines function keys to be any command or character string, i.e. press the "get" key to do a "LOAD," press the "store" key to do a "SAVE." You can even use cursor keys in the definition. New printer controls: automatic print buffering (you can continue to work while the printer is still printing). AutoAid skips over the perforations on continuous form paper, indents your printouts, and allows you to print form feeds. Included with AutoAid is a set of routines: sound output, alter text and background colors, character display in GR and HGR modes, a higher density low resolution graphics mode, direct read and write to the video display chip and the 64K expansion memory. Complete graphic sprite control and much more.

MARTIN CONSULTING

SmartBASIC BONANZA (DP) \$25 Not only useful and fun, but these 15 programs can show you some of the capabilities and routines of SmartBASIC. Programs include: Design: hi res figures; Sounder: music & sound; Othello: the board game; Mansion: adventure game; Finance: budget, metric, interest projections; Fugue: three instrument music; Magic: amaze your friends; Typer: tutor, video game; Tryme: two educational games; Miniassembler: write machine code; Disassembler: decipher machine code; Filer: databasr; Labels: make labels from Filer files; Tennis: pong game; Breakout: video game + Surprises.

FANTASY GAMER (DP) \$25 Two text adventures with graphics and an Adventure Creator program. The Visitor: you befriend an alien being and help him find his mother ship. Bomb Squad: an intermediate-level adventure in which you must find and deactivate three bombs planted by terrorists in the embassy of Lunaria. Both adventures include illustrations with some animation. The Adventure Creator helps you create an adventure from scratch. The manual guides you through the process of mapping your game, provides a listing of the Creator program, explains the operation and application of the parser, and teaches you the use of sprites to create animated graphics.

PERSONAL ACCOUNTANT by Softsync (DP) \$21 Using a system known as "double entry bookkeeping" this program allows you to make single entries which are simultaneously posted to their proper categories and added to or subtracted from the appropriate accounts. The program provides professional financial reports which will list assets and liabilities, income over expenses, and trial balances as well as complete account summaries. An integrated data base instantly accesses names, addresses, and other relevant information. A 16 page booklet provides complete instructions.

A-WARE EDUCATIONAL SOFTWARE

STEVE JACOBY SOFTWARE

- SUPERONE** (DP) — A check accounting program. It has a smoothed out program flow and also allows for inserting remarks on the bottom of the checks. A complex algorithm is included that automatically converts your dollars and cents inputs to words on your checks. The program keeps 2 separate checking accounts for you—"Small Business" and "Personal." A tutorial is included.
- RECEIVE** (DP) — A comprehensive Accounts Receivable program that will put your small business on ADAM. Once the accounts are entered, charges and payments are tracked. Monthly (or periodic) billings are calculated for you. The invoices and mailing envelopes are printed for billing. An Accounts Receivable statement is printed. Any account can be fully edited. Receivable files can be merged.
- PAY** (DP) — A thorough program which has all the same features as the RECEIVE program. However, all functions are treated in the "payables" vein. This program prints out the checks as you pay your payables. PAY keeps a running balance for your payables checking account.
- PAYROLL** (DP) — This complete payroll program keeps track of each employee's account—including all of the myriad of deductions and special items required of any payroll system. Checks and check stubs are printed. Pay envelopes are also typed. ADAM prints a payroll summary.
- MAILFONE** (DP) — This powerful data program enables you to arrange your mailing list and phone list. Once the names, addresses, ZIP codes and telephone numbers are typed in, they can be sorted for you by ADAM by ZIP code, area code and alphabetically. Different lists can be merged and then sorted. Prints mailing labels, full envelopes with return address and addressee etc.
- MINIMERGE** (DP) — A powerful business or home program tool which enables you to first create a mailing list & then write the same individually typed and signed document to each person on your list.
- CHAINLINK** (DP) — Chains all of the functions of writing checks, printing check registers, handling 40 accounts, merging and analyzing expense data by each of the 40 categories, printing address labels, printing envelopes plus increased memory capability.

EACH PROGRAM IS \$19.95. ANY 5 FOR \$79.00. ALL 7 FOR \$89.00.

- HOME FINANCE** (DP) — Four programs that are related: Two checkbook accounts (one home and one for business), file merger, label printer, envelope printer and more.
- EDUCATION** (DP) — Eight programs Study, Mastermind (randomly creates math problems), Tables (teaches the basic multiplication tables), Idaho Squares (math logic), Kidquiz, Minus, Plus, and Fractions.

SOFTWARE FOR THE ADAM

GAME PACKAGE (DP) — Checkers — the computer plays against you swiftly and reasonably. Idaho Squares—a matrix of numbers with just some of the blanks filled in. You must fill in the remaining numbers in such a way that their total is the same horizontally, vertically, and in both criss-cross directions.

STRATEGY PACK (DP) — This package includes Lunar Rocket, Manhattan and HAMURABI. Many hours of fun in one package.

LANDER (DP) — This is a very comprehensive lunar lander program with graphics and joystick operation. Program keeps score so that there is a record of which person is the most effective lunar lander pilot.

UTILITIES (DP) — A package of 4 programs that unlock some of ADAM'S secrets. The subjects are Music (write your own music programs), Sounds (create non-musical sounds), Random (generate random numbers), and Surprise.

SECRETS (DP) — A library of routines that you can use to accomplish various crucial tasks as you do serious programming. Some of the tasks covered are: alphabetizing, sorting numerically, examining files to see if a name or string exists, dealing with the disk drive for file handling, modem secrets, error checking, etc.

EACH PROGRAM IS \$12.95

HARDWARE FOR THE ADAM

- ADAMLink Direct Connect Modem** \$65
A full-duplex, 300-baud, autodial modem that connects directly to the phone line without additional interfaces or clumsy receiver cups.
- Extra Digital Data Drive** \$19
With the extra data drive, ADAM's on-line storage capacity is doubled allowing up to 500K bytes of data to be stored on two data packs. Eliminates the need to stop and change data packs in order to access, copy or transfer stored information on two separate data packs. Also can be used to replace a defective data drive on any ADAM.
- 64K Memory Expander** \$45
Increases ADAM RAM by 64K bytes for a total of 144K. Increases the workspace capacity of SmartWRITER Word Processor by 64,000 characters . . . approximately 32 pages of double-spaced text. Use with CP/M software to provide ultra-fast data storage and retrieval with compatible programs.
- ADAM Replacement Keyboard: New keyboard complete with housing** \$19.95
- The Disk Manager** — disk for the ADAM Disk Drive original item \$ 9.50
- Tape Drive Head Cleaning Pads** Each \$.50
- Adjustable Tractor Feed Assembly** \$69.00
A tractor feed attachment for use on the ADAM SmartWRITER printer. Allows the use of continuous feed paper without the worry of slipping, bunching or double printing. Fully adjustable from 9½" to 2" sheets. Installs in seconds with no tools.
- Printer Stand/Front Off/On Switch** \$17.95
Legs raise printer to allow fanfold paper underneath. Activator moves control of off/on switch to front of printer. No electrical modifications required.
- Front Off/On Switch Only \$10.95
- Expansion Module #2 with Turbo Cartridge** \$49
Includes a tabletop console with arcade-style steering wheel and floor operated accelerator foot pedal.
- Expansion Module #1** \$39
With Expansion Module #1 you can enjoy the entire library of existing game cartridges that are compatible with the ATARI 2600 System, as well as the SearsVideo Arcade System.
- Super Action Controllers (2) with Baseball Cartridge** \$59
- Roller Controller with Slither Cartridge** \$49
- Coleco Replacement Controller (single)** \$ 6
- ADAM 5¼ DISK DRIVE (limited supply)** \$225
- Super Sketch by Personal Peripherals** \$32
Provides a totally unique and simple medium for creating super video graphics. As the stylus is moved across the Controller Pad, an image is created on your video monitor or TV. Four push buttons at the top of the pad control color selection and graphic functions of the stylus. Included along with the Controller Pad is a SKETCH MASTER plug in software cartridge that is compatible with the ADAM or ColecoVision.
- ORPHANWARE PARALLEL PRINTER INTERFACE** \$69 Interface comes complete with the hardware and software needed to drive a parallel printer. Included in this package is FASTPATCH a selfbooting quick loading driver software package for the interface. Current software supported by FASTPATCH includes Basic, Smart Letters & Forms, SmartFILER, RecipeFILER, and SmartWRITER. Parallel Printer Interface Cable is also included in this package. Software comes in Disk or Data Pack.
- EVE SS-CC Speech Synthesizer Unit/Clock Calendar (Disk, DP)** \$109.95
Now you can give ADAM a 'VOICE.' The EVE speech unit may be used with your programs to add capabilities to your ADAM that are only limited by your imagination. Also on this interface unit is a 'real time' clock calendar circuit so you, and ADAM will now have an access to the time and date as needed. Software included includes a standard phoneme library, and a 'Clock/Alarm program. For use with SmartBasic and CP/M.
- EVE PS-1 Power Pack to Replace ADAM Printer Supply** \$69.95
The EVE PS-1 Power Pack is a replacement unit for the power supply in the standard printer. It allows the use of ADAM without the ADAM printer. It also provides power for the EVE line of interface products.

DEMONS & DRAGONS by Fast Ed's Software (DP, DISK) \$25

Test your strategic skills in this easy to use role playing fantasy adventure. Attempt to slay over 250 different monsters as your characters increase in strength and progress deeper into the ten levels of the game. Choose your character to be a Fighter, Magic-User, Cleric, Thief or combination of the four. Raise your characters level and obtain swords, rings, armor, helms, potions, spells and gold. Up to six characters may play at one time.

FLIPTRACK LEARNING SYSTEMS: How to operate your computer under CP/M \$49

In three "hands-on" training sessions of a couple of hours each, you will learn from the three audio cassettes how to:

- Use special keys and essential CP/M Commands
- Access application programs
- Copy files and diskettes
- Erase files
- Name and rename files
- Do text editing
- Prevent and correct errors
- And much much more!!

BACKUP 3.0 by MMSG (DP, DISK) \$18 Power without the Price!! Fully supports systems with or without the 64K memory expander. (102K/40K copy buffers). Automatically tests internal and expansion RAM memory when loaded. FORMAT DISKS with and without verify. Makes image copies of any media including automatic detection and copy of "Short Tapes." Fully supports mixed tape formats. Identifies and optionally allows user to skip over defective blocks. Makes full use of "Smart Keys" and dynamically displays selected function, drive and block.

BACKUP+ 3.0 by MMSG (DP, DISK) \$33 Contains all the features of the above program plus: Copy individual blocks, a range of blocks or multiple ranges of blocks. Contains a block status utility that will read a specified number of blocks and display or print status about each block (defective, empty, or contains data). Contains a full set of file utilities: copy by file, selective file copy, copy BASIC (with disk fixes), delete file, restore deleted files . . . these utilities support the use of "Wild-Cards" and allow all parameters to be specified initially. Display or print a catalog from any drive with file allocation and blocks left. Options allow user to display system files, user files or deleted files. Format disks and initialize tapes and disks while in the program.

SOFTPACK I by E&T SOFTWARE (DATA PACK, DISK) \$19 Four great home management programs, all fully menu-driven and very easy to use. Three programs are for checkbook management, reconciliation, and totaling. Keep track of checks, deposits, ATMS', and interest earned. Use ADAM to check your records against your bank statement. Total checks, deposits, tax entries, payment categories, etc. up to 120 records per file are allowed, and all three programs have screen/printer output. The fourth program creates address files for printing labels and envelopes. Prints by first/last name, zip code, etc.

BUSINESS PACK I by E&T Software (DATA PACK, DISK) \$19 Three program package designed for a small business. Two programs are for creating and printing address files, containing up to 200 records per file. Print by first/last name, record #, zip code, area code, etc. The third program is an inventory control program. Keep track of stock #, description, quantity on hand, quantity on order, total sold, company cost, and retail cost. Program can display to the screen/printer all inventory items as well as only those that need to be reordered.

FLIPTRACK LEARNING SYSTEMS; How to operate the ADAM \$25

Includes two spoken voice cassettes and a quick reference guide. Each cassette covers one feature: one on SmartWRITER and the other on programming with SmartBASIC. You learn directly by doing. At your own pace and at your own convenience. Great for beginners and novices alike.

SCREEN CHOP bp Elliam Associates (Disk) \$15

Screen Chop (used in CP/M) takes data coming to the screen in long lines and chop them so they display as individual lines—eliminating the need for horizontal scrolling.

A HACKERS GUIDE TO ADAM (DP) \$17.95

This includes a book and a Data Pack. The Data Pack contains many of the programs that are in the book for a faster and better understanding. The book describes the ADAM system, hardware and software. Operating system routines are identified and instructions are given to use them to control the tape, printer, video, sound and keyboard. Printout of the expansion connectors are given for your own hardware projects. Z80 language is described. Some BASIC programs listed in the book are Z80 Disassembler, Font Editor, Sprite Editor, Sound Program, Backup and Cartridge Copy. This is the book that every ADAM owner should have.

A HACKERS GUIDE TO ADAM—VOL. TWO \$12.95

This book contains more information to help you program in BASIC. Chapters included in this book are: BASIC Overview, Zero Page, Keywords, Math Routines, BASIC Commands, PARSER, Data Table, Screen Routines, Tape Routines, Graphics, BASIC Changes, and Schematics.
