## PRINTSHOP =

A production oriented package which utilizes ADAM Letter Quality SMARTWRITER TO its fullest capacity. As soon as a DOT MATRIX printer (DM) is available for the ADAM, CARD HOLDER programs will be modified at no extra cost other than DP price +S/H .

### FEATURES :

- a. Instantly prints your desired words 1-10 characters long.
- b. Employs user creativity. Produce your own cards for any occasion in case you have forgotten. Make sign out of a quotation you just read and liked etc...
- c. User modification. If you are a novice programmer, this is an excellent way to get you into programming. just modify the program to your own need. If you are a card holding member, Check with your assigned Programmer/Analyst at CME for assistance.

### PS EXTRA :

A compliment to PRINTSHOP. It produces extra symbols for different holidays. Together with PRINTSHOP you can produce unlimited greeting cards, announcements etc.. Members are encouraged to modify and design their own LOGOS, SYMBOLS etc... For assistance check with your P/A.

### La Greet :

Your ADAM can greet in various foreign languages. It prints in each language character set. It prints pronunciation and translation. So now you can brag about how smart your ADAM is.

Users are encouraged to create their own greetings in their preferred foreign language. Card holding members check with your P/A for assistance.

## BUSINESS PAKS

### EasyPERT :

A project management package that uses activity-on-arrow method. PERT is Program Evaluation and Review Technique utilizes CPM - Critical Path Method - to serve as a scheduler, project management and control tool.

Use this program to help you get your personal and/or business project completed ahead of time. Figures out Forward/Backward Pass, Earliest/latest starting/finishing time, activity/event slack, and your CPM.

### RATIOS :

Financial analysis package. Calculates the Profitability, Liquidity, Leverage and Activity ratios of a firm. Intended for small business and education. These ratios will help the manager in his/her cash flow analysis and allocation of financial resources.

### STRATEGIC ALT :

A Marketing package. Practical and educational. Helps small business managers achieve the desired goals and objectives. It suggests some pricing policy i.e. for market penetration. Also counsels the manager on strategic alternatives i.e. Diversification VS Divestiture.

### BOND AMORT :

Bond amortization. Uses the interest method to amortize discounts or premiums on bonds sold, 40 years or less. Educational, Practical and puts your SMARTWRITER to work.

## PROGRAMMING PAKS

### FLOWCHART

Structured programming is an additional approach to programming that usually results in more efficient code, less time spent on programming, program logic is easier to follow and program debugging is easier. This program assists the novice or experienced programmer to flowchart. Two types of top-down flowcharting, the MODULAR and the SEQUENCE, Downwhile, IF-then-else structure. It prints your flowchart to be filed for documentation.

### EasyBasic

This is a structured approach to programming in BASIC. It takes the drudgery out of the commands jargon and teaches you programming techniques. After each lesson beginners can actually write their own programs. So DO IT NOW. DIG into programming. Members, get your P/A to help.

### ADBASIC

A compliment to EasyBasic. Self educating in advanced structured techniques, such as Top-Down structure, string handling, Arrays and more graphics.
