# CHECK THESE FEATURES FOUND IN EVERY davasan software LIBRARY

\*\*\*\* **VALUE** - You can own 15 quality assured programs written, tested, and recorded on the finest digital data pack cassette with every **davasan** software library investment; a much greater value than the game cartridge you could expect to purchase for the same price.

\*\*\*\* All programs are written in **SMARTBASIC**\*, and designed to work with the **ADAM**\* computer and its accessories.

\*\*\*\* **davasan** uses nothing but the finest quality digital data packs for its libraries; digital data packs supplied by **LORANGER** corp. and designed exclusively for the **ADAM**\* high speed digital tape drive.

\*\*\*\* **davasan** offers a one year tape replacement program should the programs on your library ever fail to load properly. (Just return your tape along with a nominal fee for postage and handling.)

\*\*\*\* Each **davasan** software tape library comes complete with written instructions on using each program, and a printed listing of the **BASIC** commands for each program. (Learn how the program works by tracing its operation as you run the program.)

\*\*\*\* Programs can be changed to create your own versions. Make the programs smarter or add new features to personalize your library and create new programs of your own design.

\*\*\*\* **davasan** software library tapes are easy to use. Just load **SMARTBASIC**\* into the computer, insert the **davasan** library, and type 'RUN menu'. Each tape includes a menu of all programs on the tape. The menu will show you all the programs you may select. Just enter the number of the program you want to run from the selections displayed on the screen.

\*\*\*\* Acquire an instant library of programs for your computer. Get **MORE** than one program on a tape... get a **LIBRARY!** You'll enjoy a wide selection of programs to fully exercise your **ADAM's**\* capabilities.

# \$ FAMILY ACCOUNTING

Davasan Software introduces the first in its series of family and personal software systems. Davasan applies the computing power of ADAM to an integrated system of accounting programs to help you manage your personal finances. Davasan's staff brings eight years of business programming and analysis experience to the creation of a personal financial tool to help you...

- Organize and simplify your personal finances.
- Create a personal family budget to help you manage your money wisely.
- Save time paying bills and balancing checkbooks and account statements.
- Verify the accuracy of charge accounts and payment plans.
- Save time and money on your taxes with special tax return breakdown reports.
- Maintain good credit with timely bill payments, computer proof for credit disputes, and a list of credit references.

Powerful business accounting systems rely on sophisticated features for speed and accuracy. Business systems must be totally accurate, reliable, and dependable. We think you deserve no less in the system you choose to manage your finances. FAMILY ACCOUNTING has adapted for home use some of the most important features found in modern business accounting systems.

- A system menu helps select the program you want
- Files are backed up (saved) to protect valuable information
- Programs include on-line help to answer your questions
- Reports and files are integrated with SMARTWRITER and future Davasan computer systems
- FAMILY ACCOUNTING provides an audit trail to ensure accuracy

As powerful as our FAMILY ACCOUNTING package is, you will be even more impressed by how easy it is to use. Our programs are straight-forward and easy to understand. We take care to make our system feel comfortable and friendly. FAMILY ACCOUNTING is designed to be used by anyone who has ever tried to balance a checkbook. Here are some of the ways we make FAMILY ACCOUNTING easy to use...

- A complete instruction manual is provided
- FAMILY ACCOUNTING takes advantage of ADAM's powerful convenience features.
- A help key is provided to answer questions while using the programs.
- Single entry system saves time and mistakes.
- Enter bills or payments in a batch, or one at a time to fit your style.

You'll like FAMILY ACCOUNTING for its ease of use, and the time and money it saves, but your greatest appreciation will be reserved for the impressive power and flexibility we've built into your system. Your FAMILY ACCOUNTING system can be set up to fit your individual requirements. Use these features to custom design a perfect fit in your own personal accounting system...

- Keep old records on 'history tapes' for future reference.
- Create your own personal expense and budget accounts.
- Choose from over a dozen different programs and functions.
- Create your own reports with the custom report generator
- Up to 255 checking and charge accounts.
- Up to 255 expense and budget categories
- Make 255 tags or labels to identify and separate each account for reporting
