Dear Adam user:

Thank you for your interest in our company. We have the following software and hardware for the COLECO ADAM.

SOFTPACK 1 --- (DP/DISK) \$19.95 This package contains the following FOUR BASIC programs:

SOFTCHECK - A personal checkbook manager. Fully menu-driven! Very easy! SOFTCHECK handles checks, check fees, deposits, Atm transactions, bank charges, interest earned, and flags all tax deductible entries. All entries can be edited or cancelled. Up to 150 entries are allowed per file. Entries can be reviewed on the screen or printer.

CHECKBOOK TOTALIZER - This program uses files created by SOFTCHECK. Any field can be totaled (such as food, drugs, child care, etc). By simply entering 'food', a complete list and the total can be outputed to the screen or printer. All tax deductible entries can be listed just by entering 'tax'. This feature is great at tax time. You can total by the month or the entire file.

CHECKBOOK RECONCILER - This program uses your CURRENT checkbook file, and compares it with your bank statement. To enter outstanding checks, the check number need only be entered. To enter outstanding deposits or Atm's, the date is all that's required. Outstanding charges need the date and amount. Adam will then check your records with your bank.

SOFTMAILER - With this program, you will never have to address envelopes or print mailing labels again. Create address files up to 120 records. Create up to three categories for important information such as phone number, birthday, etc. Print records on standard paper, envelopes with or without your return address, and mailing labels. Print by categories you choose, by first/last name, zip code, record number, etc.

BUSINESS PACK 1 - (DP/DISK) \$19.95

This is a THREE program package on one data-pack or disk, designed for a small business. To conserve memory space, SOFTFILER is used to create your address files, and SOFTMAILER II is used for printing. Up to 200 records per file can be used. Three categories can be used for special information such as phone number, ordered, shipped, etc. Besides printing/displaying your records like SOFTMAILER, with SOFTMAILER II you can start screen/printer display from any desired record number, or area code. If you have a tractor feed, records can be printed continuously. The third program on this package is SOFTSTOCK, an inventory control program. Up to 200 records per file are allowed. Use as many files as your business requires. Keep track of stock number, description, quantity on hand, quantity on order, quantity sold, company cost, and retail cost. Search/print by stock number or description.

BLANK DATA-PACKS --

Our data-packs are very high quality, quiet, and reliable. Send \$3.40 each. For orders of 10 or more, send \$2.95 each.

NUMBER BUMPER - (DP/DISK) \$14.95

A rollicking good time for beginning math students and young adults that want to improve their mathematic skills while utilizing their arcade reactions. You help Bumper Man move the correct numbers into their proper places. An enjoyable , educational game for the entire family.

WRATH OF QUINTANA ROO - (DP/DISK) \$14.95 Available Jan 86

Cautiously enter into the sacred grounds of the Khunalich ruins. You must explore temples, pyramids, caves and the Pit of No End in an attempt to find the sacred inscription. With the code decipher card enclosed with the game, you place the inscription in proper order, decode, and learn the secret that has remained unsolved for centuries. If you can find Quintana Roo's sacred crypt and solve the inscription, you will find the secret passage and begin the FINAL JOURNEY. A journey once started that will deliver one of two things: wealth, or WRATH OF QUINTANA ROO.

UNCLE ERNIE'S TOOLKIT - (DP/DISK) \$25.00

This is a set of utilities designed to BACKUP copies of ADAM software (including SmartBASIC and SmartLOGO), SCAN your disk or data-pack to determine what is stored on each block, find/restore 'lost' files, MODIFY the contents (customize) your existing software, set the default drive in SmartBASIC to run the turnkey HELLO program from disk, CATALOG is used to list all files (system), or 'deleted' that have not yet been written over, and list the starting block number and size of each file.

The programs are fully menu-driven, using the Smart Keys to control the various functions. A 30-page users Manual explains the various procedures.

IMPORTANT NOTICE: These utilities are intended to be used to make archival copies only. Copying and distribution of copyrighted software is illegal.

EXTENDED BASIC UTILITIES - (DP/DISK) \$19.50

The Extended Basic Utilities (EBU) package consists of several machine code routines that extend the capabilities of SmartBASIC by providing additional utilities or commands. While programing in BASIC, you can create a music subroutine for your programs, use the 16 colors in your text (like the SmartWRITER color options), RENUMBER (resequence) your program lines, a slide calculator to do HEX and DECIMAL conversions in BASIC, and much more.

FANTASY GAMER - (DATA-PACK) \$29.00

This data-pack contains THREE programs that are a must for every ADAM user who enjoys the fun and challenge of adventure games. They are as follows: THE VISITOR - Interactive fiction with animated graphics. Your smart but odd companion must rendezvous with its mother ship. BOMB SQUAD - Graphic adventure. Find the terrorists' bombs in time. ADVENTURE CREATOR - Write your own adventure games. Instructions, "framework" program, graphic subroutines, fast machine language parsing routine.

BACKUP+ (DATA-PACK) \$38.00 (DISK) \$35.00

With BACKUP+ you can copy almost all ADAM software. If you like speed, then this program is for you. Since it is written in machine language instead of BASIC, it contains a 40K buffer allowing for VERY FAST copying. Automatically modifies Basic as it is copied to disk to make it fully disk compatible. Contains CATALOG and disk/tape INIT feature. Supports multiple file copies with WILDCARD syntax which allows copying of several files without typing out each filename. Will copy programs like SmartFILER, SmartLOGO, ADAM CALC, etc. , from tape to disk or disk to tape and readjust the directory "BLOCKS LEFT". The program is fully Menu-driven and very easy to use.

CARTCOPY+ (DP/DISK) \$15.00

With CARTCOPY+ you can copy up to 15 videogame carts onto DATA-PACK, and up to 9 to DISK. Converts standard DATA-PACKS or DISKS to special SELF-BOOTING TARGET media. Target media will self-boot and display a directory of all copied cartridges. Unlike other cartridge copy programs, CARTCOPY+ will check the length of each cartridge and then copy only the needed blocks. This allows for more copies per tape/disk. Program selection is by number, making the program easy to use even by young children. Fully compatible with BACKUP+, COPYCART+ and TARGET media can easily be copied with the BACKUP+ features.
