

BULL AND MIGHTY'S CRITICAL MOMENT

STORY

You are private detective Bull, formally a Green Beret, working with your buddy Mighty to solve cases. Enemy spies have infiltrated an abandoned building where blueprints for a secret weapon that can destroy the world are hidden. As an explosive specialist, your mission is to blow up the building before the enemies spies can put their hands on those blueprints.

ITEMS

SLOT MACHINE:

If you have coins, jump in front of the slot machine lever to make the reels spin. You can receive the following bonuses:

- Invincible for a while, however you can't defeat enemies.
- Invincible for a while, and you can defeat enemies.
- Invincible for a while, one extra life.
- 3 extra lives.

EMERGENCY EXIT:

Push the joystick UP while standing in front of the door to warp inside the building.

HIDDEN EMERGENCY EXIT:

There is one or more in each stage but they are invisible. Enter a hidden emergency exit to warp to a secret rooms with coins and bombs.

CEILING FAN:

You lose a life if you touch the blades.

COINS:

Can be used with slot machines. The score area displays the number of collected coins.

BOMBS:

Can be used with slot machines. The score area displays the number of collected coins.

TIPS

Use the emergency exit doors to warp around the building, find the bombs and set them to all the blast points in time. Collect coins, use the slot machines, and make effective use of the power-ups.

How to use bombs:

Move over a bomb to collect it. Jump over a bomb mark to set a bomb. After setting bombs in all 10 places, hurry up and escape to the emergency exit.
